

# Learn or Improve Languages at Lincoln

UNIVERSITY OF  
LINCOLN

LINCOLN INTERNATIONAL  
BUSINESS SCHOOL

**Courses available in Mandarin  
Chinese, French, German, English,  
Spanish and Italian.**

**Our tutors are a mixture of native  
and fluent speakers, with class sizes  
usually under 20 students.**

No experience necessary for classes starting  
in October. You can join Beginners,  
Intermediate or Advanced according to your  
background in your chosen language.

Courses run for three hours per week  
over 12 weeks, starting in October  
2021 and February 2022 and take  
place at the Brayford Pool Campus.

Courses cost £247 each. This  
includes classes, assessments and a  
University certificate with your results.

HALLO

HELLO

สวัสดี

こんにちは

# Getting started with a language can be easy.

Come along to the first session of your desired language in the week commencing Monday 11<sup>th</sup> October. There is no need to book for the first lesson. If you are unsure of your level, please feel free to contact us and we'll be happy to provide guidance.

No experience is necessary for courses starting in October, but students must have previous knowledge of their chosen language for courses starting in February 2022.

Our tutors are a mix of native and fluent speakers, and class sizes are usually under 20 students.

All courses carry University credits worth 15 CATs (Credit Accumulation Transfer Points), and you will receive a Certificate of Achievement upon successful completion.

## Course costs

The cost is £247 per course for the 2021/2022 academic year. This covers 12 weeks including the assessments. You will have a two-hour seminar and one-hour mentor/drop-in session every week.

## Timetables

The 12-week courses start in October and February, are scheduled at various times throughout the week. Timetables for courses starting in October 2021 will be available in September, and January 2022 for courses starting in the New Year.

## Classes for Beginners\*

*French, German, Spanish, Mandarin Chinese and Italian*

These modules are designed for students who wish to learn a new language from scratch, enabling you to develop the basic language skills required to survive a trip abroad. Learning is taught through role-play, workshops and short conversations, using videos and authentic reading and listening materials.

Mandarin Chinese, Italian, French, Spanish, French and German are also available at 'post-beginners', the level between beginners and intermediate.

## Classes for Intermediate Speakers\*

*French, German, Spanish and English*

Classes for intermediate speakers are designed for students who already have a GCSE or equivalent in the language.

Participation in classroom conversations can help develop strong foundations in your chosen language. The course focuses on listening, speaking, reading, writing and grammar, and there is also the opportunity to learn more about the culture associated with the language you are learning.

## Classes for Advanced Speakers\*

*French, German, Spanish and English*

Advanced speaker courses are designed for students who already have an A-Level or equivalent in their chosen language. This course can build confidence in your language skills, providing you with the opportunity to develop autonomous communication.

Most sessions at advanced level will be conducted in the foreign language, and an emphasis will be placed on using the correct register when speaking and writing. Cultural sensitivity will also be explored, as will grammatical accuracy and lexical precision.

**\*Please note that all classes run subject to student numbers.**
